Modul-System

Som kunde av Modul-System kan du være sikker på at du har gjort et klokt valg. Vi har over 40 års erfaring i bransjen og har arbeidet med sikkerhetsprogrammet vårt i mange år. I dag bruker vi noen av verdens mest velrenommerte sikkerhetssentre til utførelse av kollisjonstester, bl.a. Volvo Cars Safety Centre.

Men erfaring alene er ikke nok. Evnen til å tenke fremover og det å ta seg tid til å forstå hver enkelt kundes behov er like viktig. For hvert enkeltutviklingsprosjekt har vi møter både med kunder og sluttbrukere, noe som gjør at vi kan skape nye og innovative produkter.

Kvalitetssikret til siste detalj

Våre produkter oppfyller kravene i den europeiske standarden TÜV. Via ISO 9001-sertifiseringen kan vi sikre kvalitet på hvert eneste trinn fra utvikling og produksjon til salg, levering og kundeservice. Dette gjør at vi kan tilby 5 års garanti på alle de produktene vi lager selv. I tillegg har vi også bransjens raskeste og mest pålitelige leveranser.

Modul-System Service Centers

Vi har i mange år hatt et etablert og bredt nettverk av Service Centers over hele Europa. Hvert Service Center er en autorisert forhandler med den ekspertisen som kreves for å dekke dine spesielle behov, fordi personalet til fulle forstår produktene våre og hvordan de skal monteres i bilen din. De kan også levere veggog gulvkledning, elektronikk og tilbehør, f.eks. belysning, lastsikring og takbøyler.
